RESPONSE

Commissioner for Patents:

In response to the Notice to File Corrected Application Papers, applicants are submitting herewith a substitute specification under 37 C.F.R. §1.125(b). A clean copy and a marked-up copy of the substitute specification accompany this response.

The Notice to File Corrected Application Papers included a requirement that applicants eliminate "excessive text" in the drawings. Applicants have removed the tables in Figures 4-10 from the drawings and placed them into the specification. A corresponding amendment to the Brief Description of the Drawings and the Detailed Description has been made.

Entry of the substitute specification is respectfully requested.

Respectfully submitted,

Jeong Yun Kim et al.
